Dear Mr. Billmann,

we are using the pulsed magnetic field systems from Schober in our Rehabilitation – clinic,
since over 2 years with success.

We treat successfully the following symptoms / diseases:

- All kind of Rheumatic Diseases (also Fibromyalgia, Polyarthrits....
- Arthrosis of the big and smaller extremities-joints
- As a support for a faster bone healing in case of artificial knee and hip replacement
- Spine diseases
- Myostatic Spine diseases
- Circulatory disorders (Arteriell and venous) of Extremities
- Diseases of the peripheric nerves
- After acute or older fractures
- Necrosis of bones and delayed bone healings
- Chronical pain disease
- Morbus Bechterew
- In Consequence of Sport injuries
- Chronical inflammation of tendonitis (epicondylitis, calcaneal spur)
-

Also benefits of the systems are short treatment period, No maintenance, and easy handling.
The Systems are in a daily usage of at least 20 - 50 treatments.

Sincerely

Dr. Th. Mulfinger
Komm. Chief - Doctor

Klinik Rosenhof is very famous for the efficient rehabilitation. Located in Bavaria, they have
over 300 beds and are most of the times fully covered. There are working over 60 therapists
and 20 specialists doctors.
